You’re invited to kick off the work boots and join us - renowned speaker Neville Brady (a farm boy from Swan Hill and former Richmond AFL player) will shed some light on how we can stay positive in the face of tough times in our farming communities. This is a chance to come together and share some laughs, and learn a thing or two about looking after yourself and your family when the weather isn’t going with us.

These events are FREE and ALL are welcome - please spread the word!

**Tuesday 21 May**
